New Ballast Selector Guide From Universal Lighting Technologies'

Highlights Entire Ballast Product Line

NASHVILLE, Tenn. (March 11, 2005) – Universal Lighting Technologies, a leading manufacturer of lighting ballasts and controls, introduced a new quick reference ballast selector guide brochure.

The ballast selector guide incorporates a comprehensive list of product offerings available from Universal Lighting, including magnetic and electronic fluorescent ballasts for T12, T8, T5, compact fluorescent, HID and electronic sign ballasts.

The new brochure provides easy-to-understand specification information, catalog numbers, product images, features and benefits along with appropriate lamp compatibility and applications.

For more information about lighting ballasts and controls, fax your request to (615) 316-5146 or visit the Web site at www.universalballast.com.

For nearly six decades, Universal Lighting Technologies, Inc., has been bringing power and precision to the world's most innovative lighting. Headquartered in Nashville, Tenn., with operations and distribution worldwide, the products of Universal Lighting Technologies are marketed under the Universal[®] and Triad[®] brand names. Universal Lighting Technologies is focused on designing, manufacturing and distributing the industry's finest lighting ballasts and controls. Universal Lighting Technologies — *The Power to Light. The Power to Lead.*
