Universal Lighting Technologies Announces Contest Winner

NASHVILLE, Tenn. (July 19, 2005) – Universal Lighting Technologies has randomly selected Chrisellen Lindsay as the winner of a new Apple iPod Shuffle. Lindsay entered the contest by subscribing to the new *Perspectives* online newsletter.

Perspectives keeps specifiers up to date on the latest trends and products in the lighting industry. Universal Lighting Technologies will start distributing the newsletter via email in August. The iPod giveaway was designed to draw attention to the change in format from a printed newsletter to an online publication. Previous print editions of *Perspectives* are already available for downloading on the company's Web site, www.universalballast.com.

Chrisellen Lindsay is president of Santangelo & Lindsay, Inc., a lighting design firm in New Brighton, Pennsylvania.

For nearly six decades, Universal Lighting Technologies, Inc., has been bringing power and precision to the world's most innovative lighting. Headquartered in Nashville, Tenn., with operations and distribution worldwide, the products of Universal Lighting Technologies are marketed under the Universal® and Triad® brand names. Universal Lighting Technologies is focused on designing, manufacturing and distributing the industry's finest lighting ballasts and controls. Universal Lighting Technologies—*The Power to Light. The Power to Lead.*
